

**Eni S.p.A Milan / Delhi**

**Nomination Category: Corporate Social Responsibility in Education**

**Nomination Statement:**

EniS.p.A Milan has initiated global programme on Energy Efficiency Campaign (EEC). This programme has principal focus on the energy conservation and global warming issues. In this connection Eni has funded a major educational programme for children in India and is carried out in cooperation with the Department of Geology, University of Jammu (India) and Maghreb Petroleum Research Group, Department of Earth Sciences, University College London.

The programme involves a one-day workshop on oil exploration, conservation and carbon emissions. Children from schools in the range of 13-18 years age are invited and presented well illustrated power point presentation and hands on problems. In addition simple exercises are given to the students to probe their mental attitude towards understanding of the Global Climate Change and their concern about it. The presentation has been made children friendly and has received a huge response both from children and their accompanying teachers In Jammu and Kashmir and Rajasthan states. All students are provided with a CD on presentation and a booklet on Energy Efficiency Campaign and Global Warming. This programme has been offered in Jammu, Kargil and Leh in Jammu and Kashmir State and Jodhpur, Rajasthan in 2008. The fifth programme of the series will be conducted in Jaisalmer, Rajasthan on February 11, 2009, where Eni will be drilling its first exploration well. The sixth one is scheduled for 19th May 2009 in Srinagar Kashmir (India). Eni's corporate social responsibility in education in India has received highest appreciation from the Prime Minister of India Dr Manmohan Singh and Vice chancellors of Jammu (Prof. AmitabhMattoo and Prof. VarunSahni).
